

**Date and time:** Tuesday, 28-June from 10:00 – 10:45 AM in Chernoff 202

**About:** The Queen’s University Student Chapter of the American Chemical Society invites you to attend a short seminar as part of the 95<sup>th</sup> Anniversary Celebration of the ACS Women Chemists Committee (WCC). Presenters will include Dr. Amanda Bongers (Chemistry), Angela Lyon/Dr. Shoma Sinha [Queen’s Women’s Network (QWN) & Queen’s Partnerships and Innovation (QPI)], and [Representative from Scientista and/or WiSQ – Awaiting response(s)], with a panel/Q&A by the presenters at the end. Refreshments will be provided.

The WCC serves the membership of the ACS with the mission to attract, retain, develop, promote, and advocate for women to positively impact diversity, equity, and inclusion in the Society and the profession.

The Chapter gratefully acknowledges funding support from the “95<sup>th</sup> Anniversary Celebration of the WCC” grant program.
